

THE INTERNATIONAL ENVIRONMETRICS SOCIETY (TIES)

2004 Institutional Membership Application

Institutional membership will be recognized by TIES through listing of institutional members in Society publications and will entitle the institution to nominate individuals from the institution as TIES members according to one of the following options:

- (i) Two regular memberships, each with *Environmetrics*, or
- (ii) One regular membership with *Environmetrics* plus up to 6 regular memberships without *Environmetrics*

Each individual member must complete a membership application form and these forms should be enclosed with the institutional membership form. Regular membership includes TIES Newsletter and voting rights. The subscription is for Volume 15 of *Environmetrics* and may be for either a paper copy or an on-line subscription.

Institution: _____

Number of members from Institution: Regular membership with *Environmetrics* _____
 Regular membership without *Environmetrics* _____
 Student memberships _____
