

WELCOME TO STAT 535 FALL 2022 !

Steve Wilkins-Reeves (your helpful, awesome TA)

Marina Meila (ze instructor)

HOW TO STAY SAFE FROM INFECTIOUS DISEASE TRANSMISSION DURING THE IN-PERSON LECTURES

YOU

Recommendations and suggestions (see also the links to the UW guidelines on Canvas)

- **Keep mask on at all times** (Highly recommended)
- **Spread chairs all the way to back wall**
- **Keep distances while seated (inasmuch as possible)**
- **Take left-most seat that is available to avoid walking near other people**
- **Do not sit in open space near the instructor's desk**
- **Enter and leave room without crowding at the door**

Colored sheets are quizzes or other paper handouts. Leave them alone until you are instructed to use them. Put them on the floor when instructed.

INSTRUCTOR (ME, MARINA MEILA, FAN OF ML AND STAT)

- Wears **shield but no mask while lecturing** (so you can see my face)
 - AND Sits/stands at desk
 - AND space free in front of class
- Wears mask at all other times

TA STEVE WILKINS-REEVES 4TH YEAR PHD STUDENT

- Sits in front of the class
- Helps with technology if needed (all in front of the class)
- Is very knowledgeable and generally awesome

ALL (ME, TA, STUDENTS)

- We all have to do our part
- We will continue to adapt, update and improve the process
