

Invited Research Seminars and Conference Lectures etc. (* = abstract/paper published)

- 1971; Nov.; Department of Medicine, University of Cambridge.
- 1972; Feb.; Department of Pure Mathematics and Mathematical Statistics,
University of Cambridge.
- 1973; June; Department of Theoretical Statistics, University of Aarhus, Denmark.
July; Conference; Newnham College, Cambridge.
Nov.; Statistical Laboratory, University of Cambridge.
Dec.; Department of Biomathematics, University of Oxford.
- 1974; March; * Mathematical Genetics Meeting, University of Sussex.
Oct.; Department of Mathematics, Stanford University.
- 1975; Jan.; Department of Biological Sciences, Stanford University.
April; Department of Human Genetics, University of Michigan (Ann Arbor).
May; Department of Genetics, University of Wisconsin (Madison).
July; Department of Biophysics, University of Utah (Salt Lake City).
Sept.; Department of Genetics, University of Washington (Seattle).
Dec.; Department of Probability and Statistics, University of Sheffield
(2 seminars).
- 1976; Jan.; School of Biological Sciences; University of Sussex.
Feb.; * Biometric Society; (British Region).
April; * Mathematical Genetics Meeting; University of Liverpool.
May; Department of Physical Anthropology, University of Cambridge.
May; * Population Genetics Symposium, organised by University of Aarhus, Denmark
May; Department of Human Genetics, University of Newcastle.
July; Department of Biophysics, University of Utah.
Aug.; Department of Mathematics, Stanford University.
Aug.; * International Conference on Quantitative Genetics, Iowa State
University, Ames, Iowa.
Sept.; Department of Human Genetics, University of Michigan.
Dec.; Population Genetics Meeting, University of Durham.
- 1977; March; Cambridge Statistical Discussion Group, Cambridge.
April; Mathematical Genetics Meeting, Oxford University.
May; Department of Human Genetics and Biometry, University College London.
July; Department of Human Genetics, University of Michigan.
Sept.; Department of Human Genetics, University of Michigan.
Sept.; Department of Genetics, University of Reykjavik, Iceland.
Aug.; Population Genetics Conference, Memorial University of Newfoundland.
Nov.; King's Fellows' Talks, King's College, Cambridge.

Seminars etc. cont.

- 1978; Jan. ; Department of Biomathematics, University of Oxford.
Feb. ; King's Biologists Seminars, King's College, Cambridge.
March; Department of Genetics, University of Cambridge.
March; * Genetical Society; invited lecture; University of Newcastle.
April; * Mathematical Genetics Meeting, University of Cambridge.
14 April; Department of Genetics, University of North Carolina.
(Chapel Hill).
19 April; Department of Biostatistics, University of North Carolina
(Chapel Hill).
19 April; Department of Genetics, Duke University, North Carolina.
17 May ; Population Genetics Group, Houston Center, Texas.
12 May ; Department of Mathematics, University of Utah.
30 May ; Department of Biophysics, University of Utah.
13 July ; Department of Genetics, Washington University, Seattle.
14 July ; Mathematical Biology Group, Washington University, Seattle.
4 Aug. ; Biometry, N.I.E.H.S., North Carolina.
11 Aug. ; Mathematics Department, Stanford University.
11 Sept.; Mathematical Biology Group, University of Utah.
15 Aug. ; * A.S.A. Conference, San Diego.
31 Aug. ; * Snowbird Conference, Utah.
25 Sept.; Department of Statistics, Princeton University.
- 1979; 27 Feb. ; Statistical Laboratory, Cambridge University.
6 March; Royal Statistical Society. General Applications Section.
26 March; * Mathematical Genetics Conference, Birkbeck College.
9 May ; Seminars in Sociobiology, King's College
23 May ; Department of Biometry, University College London.
May ; Department of Physical Anthropology, Cambridge University.
Nov. ; Department of Biological Anthropology, Oxford University.
Dec. ; Mathematical Biology Symposium, Cambridge University.
- 1980; 31 March; * Mathematical Genetics conference; Reading.
1 May ; Department of Statistics, University of Sussex.
20 June ; IMS Conference, Davis, California.
2 July ; * IMA Conference, Oxford.
5 July ; Sociobiology Research Centre Conference, King's, Cambridge.
- 1981 17 March; Statistics Department, University of Aberdeen.
17 March; RSS; Highlands Group; Aberdeen.
18 March; Department of Statistics, Heriot Watt University.
19 March; Department of Statistics, Glasgow University.
30 March; Ninth Mathematical Genetics Meeting; Sheffield.

Seminars etc. (cont.) (* = abstract/paper published)

1981; cont.

- 10 April; * Society for the Study of Human Biology; 50 th. General Meeting.
12 May; Department of Statistics, University of Hull.
20 May; Cambridge Statistics Discussion Group.
August; Department of Biophysics, University of Utah.
10 September; Conference on Mathematical Genetics; University of Pavia.
17 September; * Sixth Int. Congress of Human Genetics, Jerusalem, Israel.
7 December; Department of Mathematical Biology, Technische Universität, Vienna
- 1982; 5 January; Annual Population Genetics Meeting (Cambridge).
6 April; * S.S.H.B. Symposium (Churchill College, Cambridge).
10 September; International Biometric Conference. (Invited paper), Toulouse, France.
15 October; Department of Statistics, University of Bath.
24 November; Regional meeting of Royal Statistical Society (Exeter)
9 December; * Biometric Society (London).
- 1983; 13 January; Quintics (Cambridge University, College Mathematics Society)
22 February; Royal Statistical Society; Medical Section.
7 March; Statistical Laboratory (Mathematical Genetics Seminar), Cambridge.
12 April; Eleventh Annual Mathematical Genetics Meeting (Newcastle)
-20 April; * Royal Society; One day meeting.
26-29 July; Symposium for sixth form mathematics schoolteachers, Cambridge University (Three lectures).
8 September; International Congress of Medical Statistics, Basel, Switzerland.
15 September; 44 International Statistical Institute Session, Madrid, Spain.
19 October; St. Mary's Hospital Medical School, Paddington.
16 December; * London Mathematical Society; One day meeting.
- 1984; 2 April ; Twelfth Annual Mathematical Genetics Meeting, Oxford.
11 April ; British Mathematical Colloquium, Invited paper; Bristol
8 May ; Genetics Program Seminar, Duke University, North Carolina.
14-16 May ; Biostatistics Department, Louisiana State University Medical Center, New Orleans. (3 Seminars).
22 May ; Department of Human Genetics, Medical School, University of Utah, Salt Lake City.
29 May ; Department of Psychiatry, Washington University, St. Louis, MO.
9 and 10 July ; (Two brief papers); Linkage Workshop, Genetics Lab., Oxford.
17 July ; *Invited paper; Hennig IV Symposium. (British Museum, NH).
4 August ; Seminar; Genealogy group; Dept. Genetics, University Alberta, Ed.
8 August ; *Invited paper; National Zoo Workshop; Front Royal, Va.,
13 August ; Seminar; Immunology Group, Memorial University of Newfoundland.
12 September ; British Assn., Adv., Science, Maths Section (Univ. East Anglia).
11 December ; Maths. Dept., University of Washington, St. Louis.
13 December ; Genetic Epidemiology Program, Univ. Washington, St. Louis.
